### Introduction

### Introduction

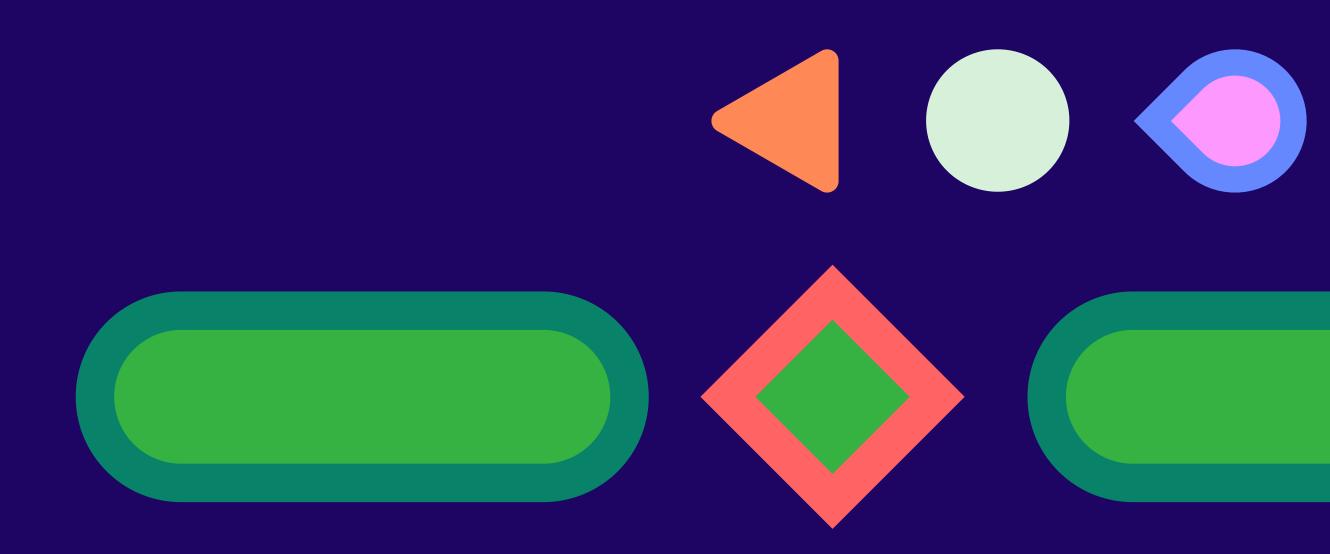

Keeping your youngest students safe on their journey to and from school is a priority we all share. The TAC's Safe Migration Project is an initiative designed to give parents and carers practical tips to help their children travel safely to and from primary school.

We have provided schools with engaging, easy-to-follow resources that you can share with parents and carers to support safe travel habits from day one. These resources are ready for you to pass on to your school community at key moments, such as during Prep orientation or when welcoming new students.

By sharing these resources, you'll empower parents and carers to feel more confident about their children's safe travel while reinforcing your school's role as a proactive community that prioritises student safety and wellbeing.

All assets that have been provided to your school are included in this Schools Pack.

### Messaging

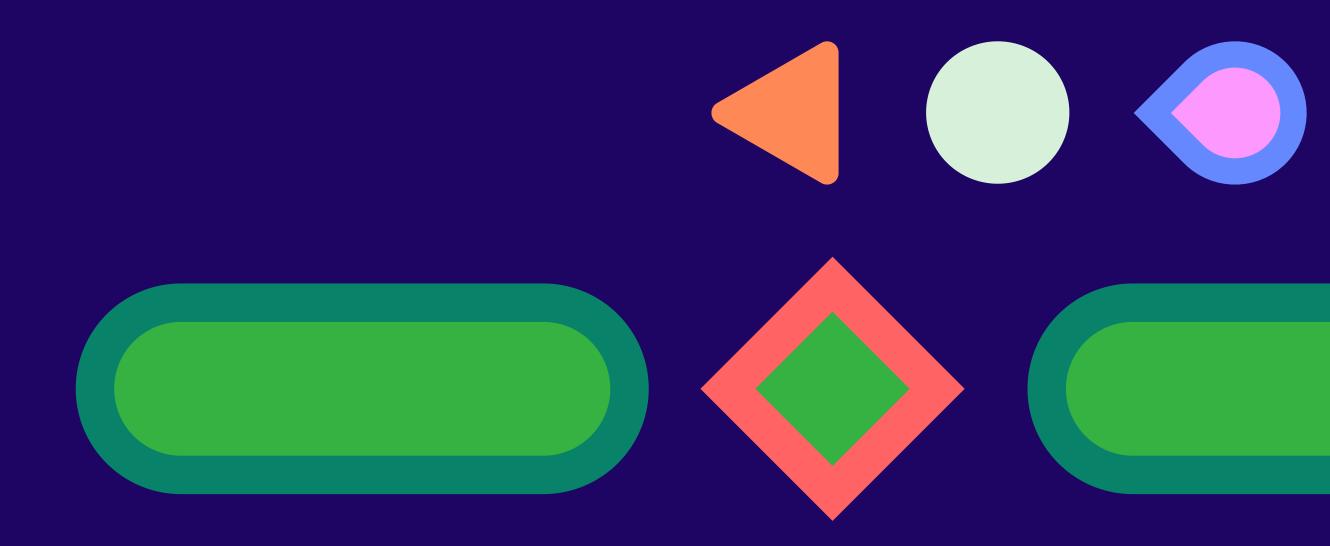

### Messaging

The TAC encourages you to share the key messages from the Safe Migration fact sheet with your school community to help raise awareness of tips to help children travel safely to and from primary school.

#### There are a range of helpful messages about:

- Safe active travel and route planning
- Walking to school with children
- Riding safely on scooters and bikes
- Ensuring children are safe as passengers
- Slowing down and driving safely around school neighbourhoods
- Considerations for pick-up and drop-off.

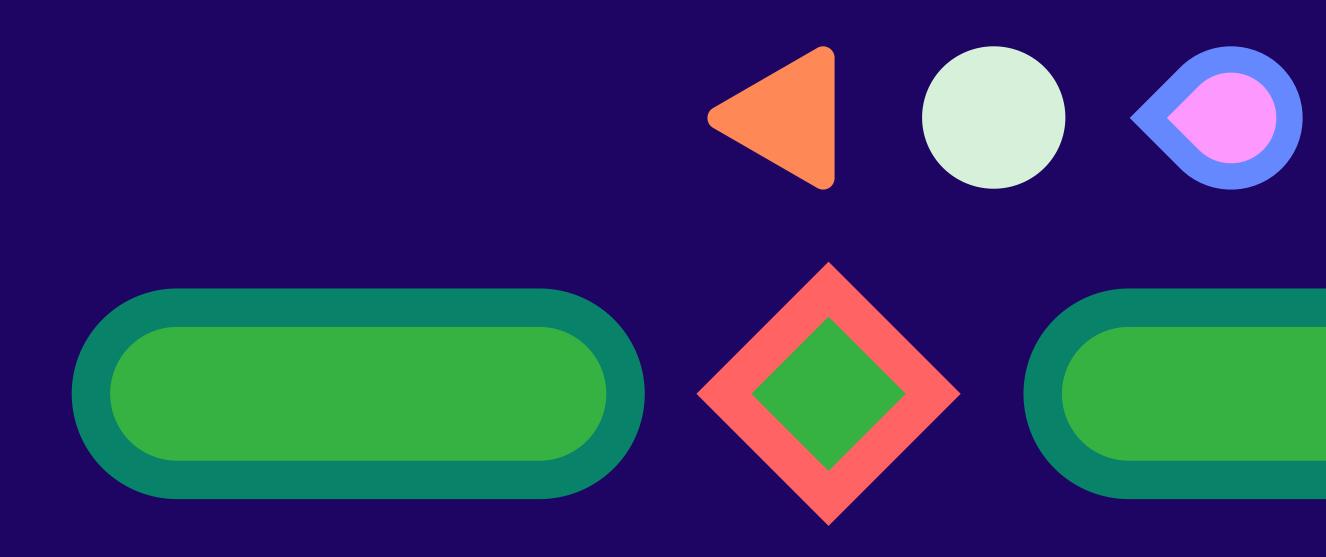

### What you can do

### What you can do

To support the project, this pack includes digital assets to share with your school network. Click the links on each page to download the assets to your device and read our tips on how to use and share each resource and asset below.

### Assets

### Video and fact sheet

The TAC has created a short 2-3 minute video that introduces families to the importance of safe travel to and from school. The video is engaging, light-hearted and highlights the different ways children get to school — while reminding parents and carers how to make each journey safer. A helpful fact sheet (available in multiple languages) has also been developed with practical safe travel tips and resources.

#### How to use these resources:

- Share the video and fact sheet in your school newsletter, emails, or social media to reach parents and carers directly
- Incorporate them into Prep orientation sessions or parent information nights to start a conversation about safe travel to and from school
- Embed or link the video and fact sheet on your school website to keep them easily accessible for families
- Encourage parents and carers to watch the video and discuss safety tips from the fact sheet with their children as part of building safe travel habits.

**Tip:** These resources are a great way to introduce your school's involvement in the TAC's Safe Migration Project and reinforce your commitment to student safety and wellbeing.

**Download Video** 

**Download Fact Sheet** 

### Newsletter content

We've developed 4 ready-to-use newsletter articles that your school can easily include in upcoming newsletters or parent communications. Each piece aligns with the TAC's Safe Migration Project and helps families build safe travel habits.

#1 Newsletter - Support your child to travel safely to and from school Advised to go in school's November 2025 newsletter.

#### Copy:

As a school community, we're committed to supporting safe travel habits from the very beginning of primary school. Through the TAC's Safe Migration Project we'll be sharing practical tips and resources with parents and carers to support you and your children to travel safely to and from school - whether by walking, riding, scootering, or driving.

We encourage you to take a look at the fun and engaging resources on offer, designed to spark important conversations about safe travel to and from school.

You can watch the <u>TAC's Safe Migration video here</u>.

And <u>click here to read the fact sheet</u> (available in multiple languages) for easy to follow safe travel tips.

#### **HOW TO USE THEM:**

- Copy and paste the newsletter content directly into your school's e-newsletter or parent update
- Share articles on suggested months to keep safety messages consistent and visible throughout the year.

#### #2 Newsletter - Safe active travel tips

Advised to go in school's December 2025 newsletter.

#### Copy:

Choose safe active forms of travel to school this summer. As the warmer weather arrives, we see more families walking, riding, and scootering to school. Active travel is a healthy, social, and environmentally friendly way to get to and from school - but it's important to stay safe on the journey.

Here's a quick safety checklist before walking, riding, or scootering to school with your child:

- plan the safest route (this is not always the quickest)
- choose quieter streets with lower speed limits (ideally 40km/h or less)
- cross at pedestrian crossings, signals, or where drivers can see you
- always wear a helmet (it's the law and reduces injury risk by 74%)
- choose footpaths, shared-use and bike paths
- stay close and actively supervise them at all times
- role model 'Stop, Look, Listen and Think' when crossing roads
- always hold their hand when near traffic and crossing roads.

By taking these simple steps, we can all enjoy the benefits of safe active travel.

To learn more, watch the <u>TAC's Safe Migration video here.</u>

<u>And click here to read the fact sheet</u> (available in multiple languages) for more tips on safe travel to and from school.

### Newsletter content cont.

#3 Newsletter - Planning your safe school journey

Advised to go in school's January 2026 newsletter.

#### Copy:

Welcome to our new Prep families!

We warmly welcome all our new Prep students and their parents, carers and families as you begin your exciting school journey!

Starting primary school is the perfect time to build safe travel habits to and from school. Whether your family walks, cycles, scoots, or drives, there are simple steps we can all take to make every school journey safer.

We're excited to share the TAC's Safe Migration Project resources with you, designed to give schools and families the support needed to help children travel safely to and from school.

The TAC's Safe Migration Project includes a fun and engaging video that shows the many ways children get to and from school, and reminds us how important it is to make every journey a safe one. You can also find a helpful fact sheet with practical safe travel tips and resources.

Watch the <u>TAC's Safe Migration video here.</u> Read the fact sheet (available in multiple languages) for practical, easy-to-follow safe travel tips for parents and carers, available here.

#4 Newsletter - A safe start for our Prep families

Advised to go in school's February 2026 newsletter.

#### Copy:

Congratulations to our new Prep families on completing the first month of school! We know this is a big transition, and we're so proud of how our students (and parents and carers) are settling into school life.

As you and your child continue to establish your daily routines, it's a great time to revisit the safe travel tips and resources available through the TAC's Safe Migration Project. These practical tools are designed to help families travel safely to and from school, whether you're walking, cycling, scootering, or driving.

Here's what you can do:

- Watch the short, engaging video that shows the many ways children get to school
  and highlights the importance of making each journey safe. Watch the <u>TAC's Safe</u>
  Migration video here.
- Read the fact sheet (available in multiple languages) for practical, easy-to-follow safe travel tips for parents and carers, <u>available here.</u>

At **[Insert School's Name]**, we're committed to supporting the safety of every child in our school community.

Let's work together to make every school journey a safe one.

### PowerPoint slides

The PowerPoint presentation includes key messages for parents and carers on travelling safely to and from school.

#### How to use it:

- Include it as part of your Prep Orientation sessions or any opportunity safe travel is at the forefront of your school's communications
- It can be edited to include tips that are specific to your school community.

Feel free to add extra slides to suit your school community, but please do not alter existing road safety content.

**Download PowerPoint slides** 

### A3 Poster

The A3 poster is designed to help remind families about safe travel habits to and from school, whatever form of transport they choose. It reinforces your school's commitment to supporting safe journeys to school and your involvement in the TAC's Safe Migration Project.

#### How to use it:

- Print and display the poster near Prep classrooms, school entrances, or anywhere parents and carers will see it regularly
- Laminate for durability, especially if displayed outdoors or in high traffic areas
- Use it as a conversation starter with families it's a great way to highlight your school's focus on helping students and their families travel safely to and from school
- Share digitally in newsletters or on your school's website or social media to extend its reach.

#### TIP:

Place the poster where parents wait or walk past daily — it's a simple but effective way to keep safe travel front of mind.

### WhatsApp Posts

We've prepared 2x ready to send WhatsApp messages for your school to share with parents and carers of Prep students. These messages are designed to be quick, engaging reminders about safe travel routines.

#### How to use them:

- Send to your Prep parent who is in charge of parent communications in January or February, when new families are settling into school routines
- Encourage them to copy and paste the text directly from the Schools Pack no editing needed.

#### #1 WhatsApp post

Advised for schools to send in February 2026 to parents to post.

#### **Suggested Copy:**

This fun and engaging video and supporting fact sheet from the TAC's Safe Migration Project shows the many ways children get to and from school, and reminds us how important it is to make every journey a safe one.

[Insert School Name] will continue to provide parents and carers with practical tips and advice on how to ensure our children are safe while travelling to and from school.

**Download WhatsApp tile** 

#### TP:

Encourage them to post one message in January or early February, and the second later on in February or early March, to keep safety top of mind as families establish daily travel routines.

### Social media posts

We've created 4 ready-to-use social media posts with accompanying carousel assets for your school to share across your channels.

#### How to use them:

- Download the assets below and consider using the messaging and wording provided from this pack for your social media caption
- Post on your school's Facebook, Instagram, or community pages to remind families about safe travel to and from school.

#### Tips: To make the post your own, you can:

- Use the provided social media tile
- Tailor your message to your school's tone and add any specific tips. Eg. "Parents, make sure you park on Smith St to drop your children off"
- Share posts on suggested months to keep safe travel front of mind throughout the Term.
