

Take the lead in road safety education – book your 2024 road safety programs now

We invite you to book early to secure your spots for the Victorian Government's road safety education programs in 2024. The programs have been purpose-designed for secondary school students and are free-of-charge to all Victorian schools. Explore the programs on offer below.

Road Smart Interactive – incursion (60-minute sessions)

Designed by road safety experts and education specialists, Road Smart Interactive is a highly immersive **incursion** program aimed at Years 9, 10, 11 and VCE Vocational Major (VM).

Facilitated by experienced road safety educators, students work through six interactive digital experiences – each exploring a different area of the Safe System approach to road safety. The program encourages students to think about how they can be part of the solution to making everyone safer on our roads.

Booking enquiries and further information

Road to Zero at Melbourne Museum – excursion (approximately 2 hours)

Embark on a captivating journey at the state-of-the-art Road to Zero complex, created by the Transport Accident Commission (TAC). This **excursion**, aimed at Years 9, 10, and VCE VM, offers a unique blend of interactive experiences and curriculum-aligned education programs for Science and Health and Physical Education

Facilitated by knowledgeable road safety educators, excursions to Road to Zero comprise two parts:

- **Experience Space** (45 minutes) – An exploratory exhibition of 13 experiences.
- **Learning Studio** (75 minutes) – In the purpose-built learning hub, students undertake the 'Getting the message' curriculum-aligned activity where they create a public health campaign (video) about cycling or pedestrian safety.

Teachers can download pre- and post-visit learning activities to enable class members to build knowledge before their excursion and expand their learning after the visit.

Visit roadtozero.vic.gov.au for more details.

Road to Zero VCE Health and Human Development (HHD) – half-day immersion program

To help VCE HHD students prepare for Units 3 and 4 and end-of-year exams, Road to Zero is offering a free half-day immersion program on **29 and 30 April and 20 May, 2024**. Students will have the opportunity to learn from speakers, engage in group activities and visit the award-winning Road to Zero Experience Space to gain understanding the Ottawa Charter for health promotion and the Sustainable Development Goals.
