

# Hazards on our ride worksheet

Name: \_\_\_\_\_

By thinking about the hazards we might see on our ride, we make it easier to plan how we can avoid them and be safer riders. In the spaces below, write down 5 different hazards you might see on the ride. Draw a picture of it and then write how you will avoid it.

What is the hazard?

Pedestrians walking on the path.

Picture of the hazard

How will I avoid the hazard?

Use my bell and voice to warn them.  
Ride slowly.

**Hazards on our ride worksheet**

| What is the hazard? | Picture of the hazard | How will I avoid the hazard? |
|---------------------|-----------------------|------------------------------|
|                     |                       |                              |
|                     |                       |                              |
|                     |                       |                              |
